for your judgement Doctor

ZYMNENET

TABLETS/SYRUP

Fastest Remedy For Comfort & Pleasure

DIGESTIVE

Tones digestive system by promoting the secretion of various digestive enzymes and exhibiting cholagogue activity simultaneously.

CARMINATIVE

Helps prevent gas formation in gastro-intestinal tract by normalizing the growth of intestinal micro-flora.

APPETIZER

Improves appetite of the individual by sensitizing oral taste receptors, facilitating saliva formation & toning gut motility.

ANTI-NAUSEATIC

Prevents an unpleasant sensation usually preceding vomiting by increasing the gastric motility.

PREVENTS GRIPES & COLICS

Inhibits spasm and pain in the bowel by inhibiting the influx of calcium ions through smooth muscle.

SCIENTIFICALLY PROVEN Excellent Digestant !

TABLETS/SYRUP

Fastest Remedy For Comfort & Pleasure

Zingiber officinale (Ginger) a brown tropical root, native to Southeast Asia, has been used as a medicine for centuries. It was traditionally used by the doctors to warm the system and deal with the digestive disorders like flatulence (wind), nausea & indigestion. It is highly beneficial in aches and pains.

Scientists established that Zingiber officinale (Ginger) is more likely to work by affecting the stomach itself, by increasing stomach activity and by neutralizing toxins and acids that would otherwise trigger signals of nausea to the brain.

GINGER

- HELPS OVERCOME MOTION SICKNESS
- RELIEVES SYMPTOMS OF MORNING SICKNESS

GINGER

ANTI-EMETIC

Gingerols from **Zingiber officinale (Ginger)** increase gastric motility, an effect which could be brought about by 5-HT antagonism, thereby exhibit significant anti-emetic effect.

(Phytotherapy, 2003, P: 275)

ANTI-NAUSEATIC

Women with nausea of pregnancy, treated with **Zingiber officinale (Ginger)** revealed significant symptomatic relief during treatment, than placebo, thus decreased intensity and frequency of nausea.

(Obs. Gyn. 2001, 97, P: 577-582)

CLINICAL EVALUATION

Six double blind randomized controlled trials with a total of 675 participants, showed the superiority of **Zingiber officinale (Ginger)** over the placebo, in relieving the severity of nausea & vomiting episodes with absence of adverse effects on pregnancy.

(Obstet Gynecol. 105(4) : 2005: 849-56)

SCIENTIFICALLY PROVEN Excellent Digestant !

TABLETS/SYRUP

Fastest Remedy For Comfort & Pleasure

Amomum subulatum (Greater Cardamom) seeds and pods contain a volatile oil which is used as a gastric stimulant for digestion and it cools the body in extreme heat.

In *Mentha piperita* (Mint) the major constituents are menthol (30-55%) & menthone (14-32%). Since long it has been used to treat the different digestive problems like flatulence (wind), irritable bowel syndrome (IBS) and gastritis. *Mentha piperita* (Mint) shows anti-bacterial activity specially against *Escherichia coli*, *Enterococcus faecalis*, *Staphylococcus* etc.

CARDAMOM & MINT

- RELIEVES FLATULENCE
- RELIEVES GRIPES AND COLICS.
- NORMALISES INTESTINAL FLORA.

GREATER CARDAMOM

CARMINATIVE

Cineole, free terpinol from *Amomum subulatum* (Greater Cardamom) and *Cuminum cyminum* (Jeera) normalize intestinal flora, restore the proportion of H_2S and CO_2 formed by micro-organisms in the digestive tract. Thus *Amomum subulatum* (Greater Cardamom) and *Cuminum cyminum* (Jeera) act as carminative and help in restoring comfort.

(W.H.O. Monographs on selected med. Plants. 1999, vol. I, P 277)

MINT

SPASMOLYTIC

The essential oils from *Mentha piperita* (Mint) inhibit smooth muscle contractions induced by Barium chloride and Histamine. Both the essential oils, menthone and menthol act as Calcium antagonists, since they inhibit the influx of calcium ions through smooth muscle. They decrease both the number and amplitude of spontaneous contractions and inhibit spasms.

(W.H.O. Monographs on selected medicinal plants. 2002, Vol. 2, P: 188-198)

SCIENTIFICALLY PROVEN Excellent Digestant !

TABLETS/SYRUP

Fastest Remedy For Comfort & Pleasure

Since long *Citrus limon* (Lemon) is used in medicine, to help digestion and stop belching and regulate functioning of spleen and liver, thus helps to relieve a built up of gases in the digestive tract. It acts as a strong natural anti-bacterial and is often used to treat dysentery and infestations of parasites and prescribed to encourage bile formation, improve blood circulation and calm the nerves.

Plumbago zeylanica (Chitrak) bark is highly aromatic due to its essential oil. *Plumbago zeylanica* (Chitrak) aids digestion and has long been used in various digestive problems. It induces flow of bile, which in turn helps to break down fats.

LEMON

- IMPROVES DIGESTION
- CHECKS BELCHING
- RELIEVES FLATULANCE (WIND)

LEMON

CYTOPROTECTIVE

Hesperidin (HDN) a flavanone glycoside abundantly found in *Citrus limon* (Lemon) has been reported to possess significant anti-inflammatory, anti-bacterial, anti-oxidant and free radical scavenger activities. Hesperidin decreased endotoxin induced hepatic dysfunction & oxidative stress by restoring glutathione content & superoxide dismutase activity, thus preventing from cytotoxic effects of free radicals.

(Toxicology, 226 (2-3) : 2006, 152-60)

CHITRAK

IMPROVES DIGESTION

Plumbago zeylanica (Chitrak) and *Zingiber officinale* (Ginger) improve digestion by sensitizing oral taste receptors, facilitating saliva and gastrin secretions. They also stimulate appetite, regulate Gastro-intestinal secretions, thus help improve digestion.

(Phytotherapy, 2003, 275, P: 264-265)

ZYMNET

TABLETS/SYRUP

Fastest Remedy For Comfort & Pleasure

INDICATIONS

- ✓ INDIGESTION
- ✓ FLATULANCE
- ✓ GRIPEs & COLICS
- ✓ NAUSEA
- ✓ REDUCED APPETITE

ADVANTAGES

- Biosynergism
- Excellent tolerance
- No chalky taste
- Safer on long usage
- No drowsiness
- Delicious taste

Composition: Each 10 ml. of Syrup contains extracts of:

Podina (Mentha piperita) 200 mg, Trikatu (An equi. mix of P. longum + P. nigrum + Z. officinale) 150 mg, Jeera (Cuminum cyminum) 100 mg, Amalvate (Garcinia pedunculata) 50 mg, Haritaki (Terminalia chebula) 50 mg, Chitrak Chaul (Plumbago zeylanica) 50 mg, Dhania (Coriandrum sativum) 50 mg, Badi Elaichi (Amomum subulatum) 50 mg, Anardana (Punica granatum) 50 mg, Vavding (Embela ribes) 50 mg, Ajmod (Aplium graveolens) 50 mg, Pipplamool (Piper longum) 25 mg, Dalchini (Cinnamomum zeylanicum) 25 mg and Adrak Ras (Zingiber officinale) 200 mg, Neembu Ras (Lemon Juice) (Citrus limon) 200 mg, Yavakshar (L. ash of H. vulgare) 50 mg, Kalanamaki (Classical Ay. Preparation) 50 mg, Imlishar (L. ash of Tamarindus indica) 50 mg, Sajjikhhar (Classical Ay. Preparation) 50 mg, Naushadar (Ammonium chloride) 50 mg, Saindhava (Classical Ay. Preparation) 25 mg, Sugar Base Q.S., Excipients Q.S. Colour used: Lime Juice Yellow, Flavour and Preservatives added.

Each Tablet contains:

Sanjivani Vati (AFUSS) (Ay. Classical Preparation) 50 mg, Agnitundi Vati (BR) (Ay. Classical Preparation) 50 mg, Trikatu (An equi. mix of P. longum + P. nigrum + Z. officinale) 50 mg, Shankh Vati (BR) (Ay. Classical Preparation) 50 mg, Kachur (Curcuma zedoaria) 30 mg, Sajjikhhar (Classical Ay. Preparation) 20 mg, Himsaj (Terminalia chebula) 15 mg, Hinderjav (Holarrhena antidysenterica) 15 mg, Narsar (Ammonium chloride) 15 mg, Kuchla Sudh (Strychnos nuxvomica (Purified)) 15 mg, Hing (Ferula foetida) 10 mg, Lavan (Alum sativum) 10 mg, Excipients Q.S., Processed in the decoction of Bahera (Terminalia bellerica), Ajwain (Trachyspermum ammi), Pudina (Mentha piperita), Papita (Carica papaya), Nimbu (Citrus limon), and Chitrak (Plumbago zeylanica).

Colour Used: Sunset Yellow.

SAFETY:

No adverse/toxic effects have ever been observed on short term / long term usage of product, in therapeutic recommended dosage.

DOSAGE:

Syrup :

ADULTS :- 2 tsf. thrice daily

CHILDREN :- 1 tsf. thrice daily

Tablets :

ADULTS :- 2 tabs. thrice daily

CHILDREN :- 1 tab. thrice daily

or as directed by the Physician
