FIFATROL™

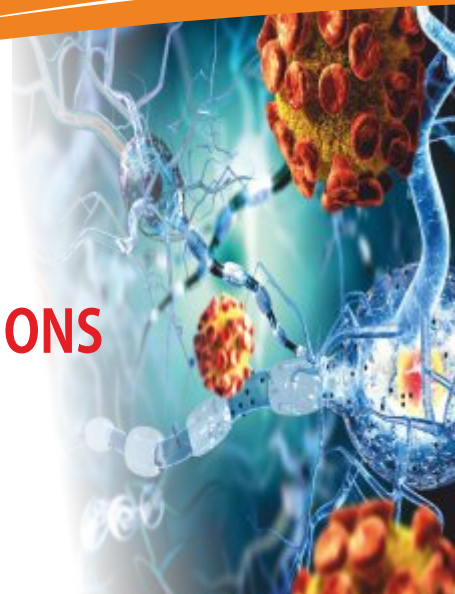

Tablets

Quickly reduces the
**DURATION &
SEVERITY OF
SYMPTOMS**

Fights Off VIRAL & BACTERIAL INFECTIONS

Exerts anti-infective action

Fifatrol herbs reduces fever by positively benefiting in treating the infections, i.e. bacterial and viral and enhances the cleansing processes of the body.

Provides fast-relief in BODYACHE AND HEADACHE

Acts as natural analgesic

Fifatrol exerts a natural anti-inflammatory and analgesic activity by inhibiting TNF-a and prostaglandin.

Normalizes THE BODY TEMPERATURE

Acts as a natural
antipyretic

It is enriched with antipyretic herbs that reduces fever in wide range of conditions by influencing the thermosensitivity of neurons & dilating the cutaneous blood vessels.

Increases IMMUNE BUILDING EFFICIENCY

Fifatrol improves body's natural response to the pathogens by enhancing the immune system production of antibodies.

Controls the symptoms of FLU, COLD AND CONGESTION

Acts as anti-allergic

Fifatrol fights viral infections by naturally increasing the production of interferon and other virus fighting substances in the body. Increases body cells ability to engulf and destroy invading microbes.

An effective remedy to FIGHT PYREXIA OF UNKNOWN ORIGIN

Fifatrol enhances elimination of toxins, boosts body defence system, kills even the resistant strains, provides natural anti-oxidant protection, thus helps fight PUO.

GODANTI BHASAM

Godanti Bhasam known as gypsum. Godanti bhasam is cold in nature, so, it is preferred in the treatment of pitta imbalance disorders. Like fever with high body temperature associated with headache. It improves strength and immunity. It is rich source of calcium.

Concentration=100
m g p e r
table

TRIBHUVAN KIRTI RAS

It is classical ayurvedic medicine, used in the treatment of acute and chronic fever. It is also beneficial in influenza, tonsillitis, pharyngitis and laryngitis. It is highly beneficial in the cold cough associated with fevers. Concentration=60 mg per tablet

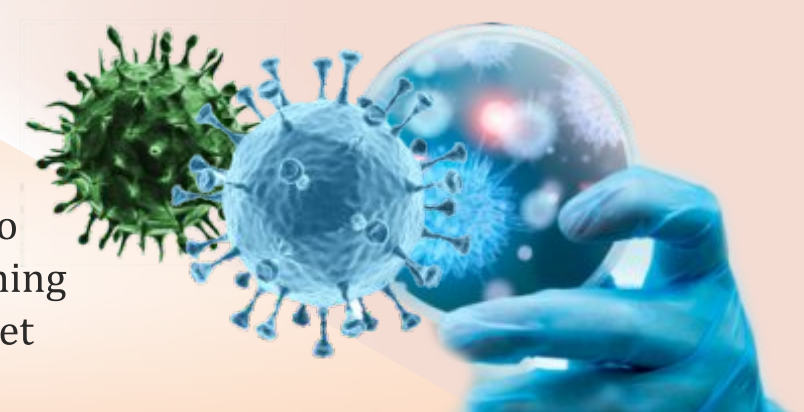

SUDARSHAN VATI

It is a mix of many herbal powders. It is traditionally used in the treatment of fever. Kiratikta a potent anti-viral herb is the main ingredient of it. Apart from it this highly effective remedy contains many anti-viral anti-bacterial herbs such as Giloe, Turmeric, Neem, Parpata etc. Concentration=60 mg per tablet

SANJIVANI VATI

is a perfect medicine to combat flu, infection and fever. It strengthens the immune system so that there will be no recurrence of sickness. Basically in Ayurveda it is considered as a powerful remedy for 'aama' (Endo toxin). Concentration=60 mg per tablet

MRITYUNJAY RAS

it is a classical medicine used in the treatment of all type of fever, body ache. It is also very beneficial in the fever associated with burning sensation all the body. Concentration=60 mg per tablet
