from the sacred Ancient Knowledge
A multi-drug combination (MDC) of Ayurveda

Fortified with Anti-infective Herbal Extracts to control
FEVER- INFECTION-FLU-ACHE
Provides Multi-symptom Relief
Fifatrol enhances elimination of toxins, boosts body defence system, kills even the resistant strains, provides natural anti-oxidant protection, thus helps fight PUO.

Fifatrol exerts a natural anti-inflammatory and analgesic activity by inhibiting TNF-a and prostaglandin.

Fifatrol herbs reduces fever by positively benefiting in treating the infections, i.e. bacterial and viral and enhances the cleansing processes of the body.

It is enriched with antipyretic herbs that reduces fever in wide range of conditions by influencing the thermosensitivity of neurons & dilating the cutaneous blood vessels.

Fifatrol improves body’s natural response to the pathogens by enhancing the immune system production of antibodies.

Fifatrol enhances elimination of toxins, boosts body defence system, kills even the resistant strains, provides natural anti-oxidant protection, thus helps fight PUO.

Fifatrol fights viral infections by naturally increasing the production of interferon and other virus fighting substances in the body. Increases body cells ability to engulf and destroy invading microbes.
GODANTI BHASAM
Godanti Bhasam known as gypsum. Godanti bhasam is cold in nature, so, it is preferred in the treatment of pitta imbalance disorders. Like fever with high body temperature associated with headache. It improves strength and immunity. It is rich source of calcium. Concentration=100 mg per tablet

TRIBHUVAN KIRTI RAS
It is classical ayurvedic medicine, used in the treatment of acute and chronic fever. It is also beneficial in influenza, tonsilitis, pharyngitis and laryngitis. It is highly beneficial in the cold cough associated with fevers. Concentration=60 mg per tablet

SUDARSHAN VATI
It is a mix of many herbal powders. It is traditionally used in the treatment of fever. Kiratikta a potent anti-viral herb is the main ingredient of it. Apart from it this highly effective remedy contains many anti-viral anti-bacterial herbs such as Giloe, Turmeric, Neem, Parpat etc. Concentration=60 mg per tablet

SANJIVANI VATI
is a perfect medicine to combat flu, infection and fever. It strengthens the immune system so that there will be no recurrence of sickness. Basically in Ayurveda it is considered as a powerful remedy for 'aama' (Endo toxin). Concentration=60 mg per tablet

MRITYUNJAY RAS
it is a classical medicine used in the treatment of all type of fever, body ache. It is also very beneficial in the fever associated with burning sensation all the body. Concentration=60 mg per tablet
Initial treatment should begin with...
