

Consistent Kidney Disorders

Can Lead To CKD* In Dogs And
Cats Being Progressive
And Irreversible

*CKD: Chronic Kidney Disease

Current Modern Therapies Remain
Inadequate And Largely Inaccessible

NEERI KFT[®]

Pet liquid

An Innovative Approach For Management Of Poor Kidney Function

A Natural Kidney Function Toner

Reduces Uric Acid Levels

Inhibits xanthine oxidase

**Gokshuru (*Tribulus terrestris*),
Punarnava (*Boerhaavia diffusa*)**

Acts As An Immunomodulator

Stimulates the defense system by modulating several immunological parameters like TLC, DLC, NBT test, DTH, IgG, IgM, etc

Sirish (*Albizzia lebeck*)

Improves Functional Capacities Of Kidneys & Improves GFR

Helps maintain the cellular integrity and architecture of the kidneys, improves haemopoiesis and prevents renal injuries

**Sigru (*Moringa oleifera*),
Anantmoool (*Hemidesmus indicus*)**

Checks Serum Electrolyte Balance

Restores electrolyte homeostasis by improving Na⁺ K⁺ activity of Na⁺/K⁺-ATPase

Kasni (*Cichorium intybus*)

Inhibits Renal Inflammation

Reduces renal inflammatory factors

**Haridra (*Curcuma longa*),
Sheetal chini (*Piper cubeba*)**

Protects Against Various Nephrotoxins

Detoxifies the effects of nephrotoxic agents. Significantly reduces the deposition of 2,8-dihydroxyadenine

Revand Chini (*Rheum emodi*)

Reduces Elevated Blood Urea And Serum Creatinine Levels

Protects nephrons - decreases the elevated biochemical markers such as blood urea & serum creatinine

**Punarnava (*Boerhaavia diffusa*),
Varuna (*Crataeva nurvala*)**

TLC: Total Leukocyte Count, DLC: Differential Leukocyte Count, NBT: Nitroblue Tetrazolium, DTH: Delayed-Type Hypersensitivity, GFR: Glomerular Filtration Rate

NEERI KFT[®]

Pet Liquid

An Innovative Approach For Management Of Poor Kidney Function

A Natural Kidney Function Toner

USAGE BENEFITS

- Neeri KFT Pet liquid is a standardised herbal formula
- Helps restore and tone the kidney function naturally
- Improves defense system of the body and helps recover faster
- Reduces the inflammation of nephrons
- Sugar-free formula

INDICATIONS

- Nephritis
- Oedema
- Impaired GFR
- Anasarca
- Nephrotoxicity
- Impaired kidney functions

KEEPS FREE FROM ADVERSITIES CAUSED BY-

- Toxins
- Microbial load
- Mycotoxins
- Pesticides

**Nephro-Corrective And Nephro-Protective
Polyherbal Formula For Kidney Care**

Enriched with
Mango flavour

DOSAGE

KITTENS
2.5 to 5 ml,
twice a day

CATS
5 ml,
twice a day

**PUPPIES AND
SMALL DOGS**
2.5 to 5 ml,
twice a day

**ADULTS AND
LARGE DOGS**
10-15 ml,
twice a day

Or as directed
by a veterinarian

Pack of 200 ml
